Mr. Chandler,

Please allow me to apologize, I meant to copy you on my email (attached) to Wendy Rhyne since the request for a meeting after the first of the year considers your participation essential. Along with Wendy's efforts, your involvement with MS4 is considered by the Division of Water Resources as critical element for the City of Jackson to have a successful program. I look forward, along with my Manager, Conner Franklin, to the meeting and the opportunity to have a nice meet and greet time with you and Wendy and hopefully have a productive discussion about the City of Jackson's MS4 program. The 2015 MS4 Permit looms on the horizon (September, 2015) and the new permit will present new challenges for each MS4 program.

Let me know if you have any questions.

James W. Scott
